

Hey folks! Carly here.

I went to go play on [Polyvore](#) yesterday to work on my styling post for this week, and found that a bunch more people had made sets using [Peking](#)! These weren't shared on Ravelry, Twitter, or Facebook, so they didn't make it into yesterday's draw. We are sharing these additional entries today, and giving away another free pattern to the winner! If you want to play along next time, make sure you share your set with us!

Yesterday's winner, [Mizkathychin](#) also made this sweet colorblocked set.

[Siidegarte](#) used black and gold to fancy things up a bit.

[Sarahmontie](#) wanted to take Peking to a day of reading on the beach.

[Mobarger](#) went with pretty pastels.

[Sjc96003](#) made this sweet monochromatic outfit.

Thanks for playing everyone, this contest was so fun!! Mobarger is today's winner; email us to claim your prize!

The contest is now closed, but we still want to know: how would you wear [Peking](#)?
