

So.

Shannon Okey is doing the [NaKniSweMo](#) thing again. Cool. Shannon is prolific in the cool ideas department.

That's a particularly provocative kind of cool idea. I am suddenly seized by it. Yeah. I remember thinking I wanted to do that last year. And boy, do I have list of things I want to knit this year. I wonder why that is . . . ?

Maybe I should kick in for it myself. Sweater? Eeenie meenie miney . . . [Victoria](#) from the fall issue.

And because it's so drop dead gorgeous in the original [ShiBui Merino Kid](#), I'm splurging on a fresh yarn purchase in this colour. Honey.

I hope it will get here quickly. I have a few days to catch up on, and the [Ravelry group](#) to read through. Thanks for the inspiration, Shannon!
