

**VERSION**

**CHANGE**

03.28.11

Original version

04.18.11

Page 2 - Row counts have been changed for Charts I and K.

Page 4 - Wrong Side (WS) definitions have been added to k2tog and ssk, to account for WS patterning on Charts C and L.

Pages 5–7: Charts E, F, G, I, J, and K have been revised so that patterning happens on the Right Side (RS). Rows have been removed from one chart and added to another, and a chart has been renumbered.
