Page 4 - An abbreviation has been added: "w&t: wrap and turn. Bring yarn to front of work between needles, slip next stitch to right needle, bring yarn around this stitch to back of work, slip stitch back to left needle, turn work to begin working back in the other direction."

Page 8 - The Hatband Chart is worked in rows, not rounds. Therefore, the right side of the chart should be odd-numbered rows 1–53 and the left side of the chart should be even-numbered rows 2–54.
